The star (\*) preceding the page number indicates an original article in THE ARCHIVES. Book Reviews, Obituaries and Society Transactions are indexed under these headings in their alphabetical order under the letters B, O and S, respectively.

	PAGE
Achard, H. P.: Transplantation of tendons in radial paralysis.....	561
Achucarro, N.: Alterations of superior cervical sympathetic ganglion in some mental diseases.....	549
Cortex in cerebral paralysis.....	550
Evolution of neuroglia and special consideration of its relations to vascular apparatus .....	543
Histological and histopathological investigations on pineal gland in man .....	657
Structure and functions of neuroglia and in particular of neuroglia of human cerebral cortex.....	547
Study of neuroglial architectonic of cerebral cortex of Ammon's horn and of fascia dentata.....	548
Study of neuroglia in human cortex in senile dementia and of participation of neuroglia in cellular alteration described by Alzheimer (Alzheimer's tangles) .....	551
Acromegaly, subtemporal decompression for; S. P. Goodhart.....	82
Adler, H. M.: Disciplinary psychiatry in army.....	210
Adson, A. W.: Surgical treatment of gummatous osteitis of skull.....	564
Agarophobia, to illustrate method of removing phobia. Agarophobia combined with claustrophobia; T. A. Williams.....	340
Alexander, M. E.: Lethargic encephalitis, report of 4 cases and an analysis of 100 cases reported in literature.....	*485
Alford, L. B.: Consideration of nature of aurae.....	*124
Allen, H. E.: Lethargic encephalitis, report of 4 cases and an analysis of 10 cases reported in literature.....	*485
Amputation, comparison of anterior horn cells in normal spinal cord and after amputation; A. E. Taft.....	*41
Anxiety, acute prison neurosis of anxiety type; N. S. Yawger.....	195
Blood pressure in anxiety states; G. Euzière and J. Margarot.....	445
Arnett, J. H.: Practical considerations in diagnosis of peripheral nerve injuries, with special reference to compensatory movements.....	*107
Arsenic in spinal fluid, further observations on; G. W. Hall, R. J. Callender and E. C. Holmblad.....	*631, 680
Arsphenamized serum, spinal drainage and intraspinal injections of arspenamized serum; F. X. Dercum.....	*230
Arthropathy of right hip joint, with juvenile tabes; F. X. Dercum.....	455
Astasia-abasia, case of; C. W. Burr.....	451
Asthenia, neurocirculatory: See Heart, irritable.	
Ataxia, Friedreich's, in middle aged men—twins; G. Wilson.....	334
Friedreich's, in two colored boys—brothers; J. H. Lloyd.....	333
Friedreich's, in two sisters; J. W. McConnell.....	335
Marie's hereditary cerebellar ataxia, probable case of; C. E. Riggs.....	593
Atrophy, Charcot-Marie muscular atrophy; G. Wilson.....	454
Aub, J. C.: Basal metabolism in hypothyroidism.....	88
Auræ, consideration of nature of auræ; L. B. Alford.....	*124
Automatism, study of automatism in medulla; A. Litvak.....	177

# INDEX TO VOLUME 3

	PAGE
Ayer, J. B.: Puncture of cisterna magna in meningeal block.....	92
Aynaud, M.: Cerebrospinal meningitis.....	669
Azevedo: Pathogenesis of tabes.....	190
Babinski's theory of hysteria; M. E. Prince.....	344
Bailey, P.: Contributions to study of Cruveilhier's "tumeurs perlees".....	683
Nervous and mental disease in United States troops.....	199
Pearly tumors of brain.....	343
Barbé, A.: Convulsive crises of pleuropneumonic origin.....	568
Barré, J. A.: Acute ascending (Landry's) paralysis after an antityphoid vaccination .....	566
Leg sign—new objective evidence of paralyzes or pareses due to pyramidal tract disturbances.....	566
Bassoe, P.: Brain abscess with presentation of gross specimens.....	681
Beling, C. C.: Tumor of corpus callosum and frontal lobes.....	194
Two cases of brain tumor, with specimens and lantern slide demonstrations .....	703
Benon, R.: Epileptic equivalents.....	449
Bergmark, G.: Motor localization in capsula interna.....	441
On irritability of cerebrum in earliest years of childhood.....	444
Blanton, S.: Mental and nervous changes in children of Volksschulen of Trier, Germany, caused by malnutrition.....	84
Blood, analysis of, of insane patients; P. G. Weston.....	*147
comparative study of Bordet-Wassermann reaction on blood and urine; M. C. Simon.....	566
pressure in anxiety states; G. Euzière and J. Margarot.....	445
Bond, E. D.: Epidemic encephalitis and katatonic symptoms.....	673
Bonnét-Roy, M. F.: Nerve syndrome of retro-parotid region.....	564
Book Reviews:	
Diagnosis of Nervous Diseases; James Purves Stewart.....	600
Die Hysterie oder Sogenannte Psychogene Neurose; Oscar Lessing....	219
Diseases of Nervous System: Textbook of Neurology and Psychiatry; Smith Ely Jelliffe and William A. White.....	597
Kompodium der Topischen Gehirn und Rueckenmarksdiagnostik; Robert Bing .....	463
Nervous and Mental Disease; Archibald Church and Frederick Peterson	599
Trauma und nervensystem; Th. van Schelven.....	219
Bordet-Wassermann reaction on blood and urine, comparative study of; M. C. Simon.....	566
Boston Society of Psychiatry and Neurology, 40th anniversary meeting; W. Channing .....	685
Boven, W.: Nasal feeding.....	669
Boveri, P.: Pathologic reflex of great toe: reflex of second phalanx.....	85
Brachial plexus, dissociated amyotrophic paralysis of, following administration of antitetanic serum; J. Lhermitte.....	565
paralysis caused by bony growth of upper thorax resembling that caused by cervical ribs; W. B. Cadwalader.....	692
Brain abscess, histopathology of, with remarks on intraspinal therapy; G. B. Hassin .....	*616
abscess with presentation of gross specimens; P. Bassoe.....	681
chemical analyses of two pathological human brains; C. G. MacArthur and E. A. Doisy.....	449, 559
chemical differentiation in macroscopic brain sections; E. Landau.....	446
epidermoid papillary cystoma involving third ventricle; D. J. MacPherson .....	*395
foreign bodies in cerebral ventricles; G. L. Regard.....	330

# INDEX TO VOLUME 3

Brain—Continued	PAGE
histopathology of brain abscess, with lantern slide demonstration; G. B. Hassin .....	685
histopathology of brain and spinal cord in case presenting a postinfluenzal lethargic encephalitis syndrome; H. A. Calhoun.....	*1
intracranial foreign bodies, lantern demonstration of; S. D. Ingham...	461
pathological examination of 40 intracranial neoplasms; J. G. Greenfield	187
pearly tumors of brain; P. Bailey.....	343
physiopathic contractures of paretic extremities caused by craniocerebral wounds; L. De Lisi.....	75
similarity in structure of related hemispheres; Z. Jatschewa.....	447
study of brain repair in rat by use of trypan blue, with special reference to vital staining of macrophages; C. C. Macklin and M. T. Macklin .....	*353
tumor of corpus callosum and frontal lobes; C. C. Beling and H. S. Martland .....	194
tumor, two cases, with specimens and lantern slide demonstration; C. C. Beling, H. W. Martland and W. B. Eagleton.....	703
tumors as seen in hospitals for insane; M. E. Morse.....	*417
tumors, pearly tumors at base of brain; P. Bailey.....	683
variations in histopathology of neuroglia in cerebral softening; P. del Rio Hortega .....	659
Breathing, transmission of breathing through head; A. Myerson.....	213
Brown, W. H.: Cerebrospinal fluid in herpes zoster, and relation of herpes zoster to syphilis.....	197
Bryant, J.: Therapeutic procedures for relief of decreased inhibition....	212
Buerki, R. C.: Splints used for peripheral nerve cases at U. S. Army General Hospital, No. 11.....	*151
Burr, C. W.: Case of astasia-abasia.....	451
Curative influence of influenza in case of specific meningomyelitis with cystitis .....	*536, 697
Bychowski, G.: Contribution to psychopathology of incendiarism.....	435
Cadwalader, W. B.: Form of brachial plexus paralysis caused by bony growth of upper thorax resembling that caused by cervical ribs....	692
Calhoun, H. A.: Histopathology of brain and spinal cord in case presenting a postinfluenzal lethargic encephalitis syndrome.....	*1
Callender, R. J.: Further observations on presence of arsenic in spinal fluid .....	*631
Carver, A.: Some biological effects due to high explosives.....	81
Cauda, hemorrhage in cauda secondary to lumbar puncture; E. M. Hammes .....	595
Cerebellum, abscess of; A. Gordon.....	338
contribution to study of neuroglia of cerebellum; J. Ramon y Fananas..	659
functional significance and principal syndrome of cerebellum; F. Tilney	320
tumor, specimen from case of; P. G. Hamlin.....	460
Cerebrospinal fluid, arsenic in, further observations on; G. W. Hall, R. J. Callender and E. C. Holmblad.....	*631
functions of cerebrospinal fluid; spinal drainage and intraspinal injections of arsphenamized serum; F. X. Dercum.....	*230
further observations on presence of arsenic in spinal fluid; G. W. Hall	680
in herpes zoster and relation of herpes zoster to syphilis; W. H. Brown and B. Dujardin.....	197
in multiple sclerosis; J. E. Moore.....	560
in primary and secondary syphilis; J. McIver.....	563
nonconcomitance of spinal fluid tests; H. C. Solomon.....	*49
Cerebrum, contribution to knowledge of neuroglia of human cerebrum; S. Ramon y Cajal.....	658
irritability of cerebrum in earliest years of childhood; G. Bergmark....	444

# INDEX TO VOLUME 3

	PAGE
Channing, W.: Boston Society of Psychiatry and Neurology, 40th anniversary meeting .....	685
Charcot-Marie muscular atrophy, case of; G. Wilson.....	454
Chicha; H. Valdizan.....	443
Chorea, chronic nondegenerative hereditary chorea; I. S. Wechsler... 558, 699	
Huntington's; R. Mourgue.....	663
Choreiform movements in case of hemiparesis; A. H. Woods.....	456
Choroid plexus and schizophrenia; C. von Monakow and S. Kitabayashi..	182
Cisterna magna, puncture of, in meningeal block; J. B. Ayer.....	92
Claustrophobia, to illustrate method of removing phobia. Agarophobia combined with claustrophobia; T. A. Williams.....	340
Climenko, H.: Heredity in exophthalmic goiter, with report of two juvenile cases .....	*530
Cobb, S.: Report of 11 cases of cervical sympathetic nerve injury, causing oculopupillary syndrome .....	*636
Cole, L. W.: Irregularity in psychological examination as measure of mental deterioration .....	193
Colloidal gold reaction and its clinical interpretation; M. Warwick and C. E. Nixon.....	562
Constipation, postural tone of rectum, with special reference to dyschezia (rectal constipation); A. F. Hurst.....	85
Contractures, physiopathic contractures of paretic extremities caused by craniocerebral wounds; L. De Lisi.....	75
Convulsive crises of pleuropneumonic origin; A. Barbé and R. Glénard... 568	
Cordier, V.: Eye trouble associated with jugular thrombosis in cardiac patient .....	670
Cornil, L.: Complete section of dorsal spinal cord due to concussion of vertebral column .....	445
Corpus callosum, tumor of frontal lobes and; C. C. Beling and H. S. Martland .....	194
Criminal, pathologic lying in; N. S. Yawger.....	696
Cruveilhier's "tumeurs perlees"; contributions to study of; P. Bailey.....	683
Cystoma, epidermoid papillary cystoma involving third ventricle; D. J. MacPherson .....	*395
Damaye, H.: Two psychoses cured by infections.....	446
Deafness, causes, diagnosis and treatment of hysterical deafness, with notes on auditory-motor reflex and psychology of hearing; A. F. Hurst .....	442
Delgado, H. F.: Psychoanalysis.....	447
Dementia, contribution to study of neuroglia in human cortex in senile dementia and of participation of neuroglia in cellular alteration described by Alzheimer (Alzheimer's tangles); N. Achucarro and M. Gyarre .....	551
praecox, histopathologic findings in; E. Rawlings.....	568
Dercum, F. X.: Case of juvenile tabes with an arthropathy of right hip joint 455	
Functions of cerebrospinal fluid; spinal drainage and intraspinal injections of arsphenamized serum.....	*230
Somatic symptoms in nervous and mental disease.....	694
Diadokocinesis, asynchronicity of diadokocinesis from mesencephalic lesion in course of encephalitis lethargica; T. A. Williams.....	340
Diagnosis, case for diagnosis; S. F. Gilpin.....	100
Dinsley, A.: Some biological effects due to high explosives.....	81
Diphtheria, severe post-diphtheritic paralysis from wound diphtheria; E. Röper .....	329
Diplegia, facial pontile diplegia (traumatic); G. B. Hassin.....	209
Disciplinary psychiatry in army; H. M. Adler.....	210

	PAGE
Distemper, alterations in central nervous system in case of paralytic form of distemper in dog; P. del Rio Hortega.....	660
Doisy, E. A.: Chemical analyses of two pathological human brains....	449, 559
Dolley, D. H.: Pigmentation of nerve cells; lipochrome a plant pigment..	562
Dream, acute exhaustion dream state with psychanalytic investigation; G. Marro .....	556
Dujardin, B.: Cerebrospinal fluid in herpes zoster, and relation of herpes zoster to syphilis.....	197
Dupont, R.: Shock.....	565
Durante, G.: Contribution to experimental study of lesions of shock.....	68
Dyschezia, postural tone of rectum, with special reference to dyschezia (rectal constipation); A. F. Hurst.....	85
Dyspituitarism, case of; F. H. Leavitt.....	452.
Dyssynergia, cerebellar, with special methods for its study and analysis; A. V. S. Lambert and F. Tilney.....	331
Dystrophy, muscular dystrophy; endocrine origin of; N. W. Janney, S. P. Goodhart, and V. I. Isaacson.....	325
Eagleton, W. B.: Two cases of brain tumor, with specimens and lantern slide demonstrations .....	703
Effort syndrome: See Heart, irritable.	
Emotions, rôle of, in genesis of insanities and insanity from standpoint of evolution; I. S. Wechsler.....	440
Encephalitis, asynchronicity of diadokocinesis from mesencephalic lesion in course of encephalitis lethargica; T. A. Williams.....	340
case of meningo-encephalitis (lethargic encephalitis); W. W. Hala and C. M. Smith.....	*160
and katatonic symptoms; E. D. Bond.....	673
histopathology of brain and spinal cord in case presenting a postinfluenzal lethargic encephalitis syndrome; H. A. Calhoun.....	*1
preliminary consideration of prominent clinical and pathological manifestations; F. Tilney and H. A. Riley.....	80
report of 4 cases and an analysis of 100 cases reported in literature; M. E. Alexander and H. E. Allen.....	*485
Endocrine origin of muscular dystrophy; N. W. Janney, S. P. Goodhart and V. I. Isaacson.....	325
Endocrinologic aspects of some neurologic conditions; W. Timme.....	*601
Energy, symbol as an energy container and some suggestions as to kinetics of discharge; S. E. Jelliffe.....	206
Epidermoid, papillary cystoma involving third ventricle; D. J. MacPherson.....	*395
Epilepsy, anaphylactic phenomena in pathogenesis of certain epilepsies; P. Pagniez and P. Lieutaud.....	328
atypical jacksonian epilepsy; E. M. Hammes.....	594
case of essential epilepsy exhibiting special features and greatly improving under operative procedure; A. Gordon.....	97
case showing jacksonian (status epilepticus) with necropsy; S. Leopold..	97
education of an epileptic; E. P. Rodriguez.....	87
epileptic equivalents; R. Benon.....	449
new conception of epilepsy; P. Hartenberg.....	196
Epinephrin, effects of epinephrin on basal metabolism in soldiers with "irritable heart," in hyperthyroidism and in normal men; E. H. Tompkins, C. C. Sturgis and J. T. Wearn.....	176
effects of injection of epinephrin in soldiers with "irritable heart"; J. T. Wearn and C. C. Sturgis.....	175
Eunuch, case of eunuch convicted of rape; N. S. Yawger.....	97
tetany in the eunuchoid; H. W. Woltman.....	189
Euzière, G.: Blood pressure in anxiety states.....	445
Exhaustion dream state with psychanalytic investigaton; G. Marro.....	556
